

Church Roles that will activate Awareness Training and Code of Conduct Requirements

Only certain **church roles** trigger the requirements to complete Awareness Training and to read and sign the Code of Conduct.

When a new account is created, it is important that a volunteer selects a church role that will trigger these requirements. Roles can be changed by the account holder or the Adsafes Compliance Assistant through the Team View.

Adsafes requirements for persons in child-related and governance roles are:

1. Awareness Training
2. Code of Conduct
3. WWCC (or equivalent)
